Town Warrant

SOMERSET, S. S.

STATE OF MAINE

To P. R. Lee, a constable in the town of Palmyra in the county of Somerset, Greetings:

You are hereby required to notify and warn the inhabitants of the town of Palmyra qualified by law to vote in town affairs to assemble in the town house on Monday, the fifth day of March A. D. 1945, at ten o'clock A. M. to act on the following articles, to wit:

Art. 1 To choose a moderator to preside at said meeting.

Art. 2 To choose a town clerk for the ensuing year.

Art. 3 To hear such reports from the town officers as the town may think proper.

Art. 4 To choose three selectmen, three assessors, and three overseers of the poor and fix compensation for same.

Art. 5 To choose a town treasurer for the ensuing year and fix compensation for same.

Art. 6 To see if the town will vote to retain the present form of government or act on anything relating thereto.

Art. 7 To choose a tax collector and constable and act on anything relating thereto.

Art. 8 To see if the town will vote to have the Town Clerk collect the excise tax for the ensuing year and fix compensation for same.

Art. 9 To choose a Road Commissioner or act on anything relating thereto.

Art. 10 To choose one or more members of the school board.

Art. 11 To choose a fire warden.

Art. 12 To choose one member of the cemetery committee.

Art. 13 To choose all other necessary town officers for the ensuing year.

Art. 14 To see if the town will vote to give a discount on taxes paid on or before July 1st, or act on anything relating thereto.

Art. 15 To see how much money the town will vote to raise to defray town charges.

Art. 16 To see how much money the town will vote to raise for aid to dependent children.

Art. 17 To see how much money the town will vote to raise for the support of the poor.

Art. 18 To see how much money the town will vote to raise for the salary of Superintendent of Schools.

Art. 19 To see how much money the town will vote to raise for the support of common schools, or act on anything relating thereto.

Art. 20 To see how much money the town will vote to raise for insurance and the repair of school buildings.

Art. 21 To see if the town will vote to instruct the school board to make contracts with Newport High School and Hartland Academy for the education of High School pupils for the ensuing year or act on anything relating thereto.

Art. 22 To see how much money the town will vote to raise for High School tuition.

Art. 23 To see if the town will vote to hire a school physician and raise money for the same.

Art. 24 To see how much money the town will vote to raise for the support of public library.

Art. 25 To see how much money the town will vote to raise for State road maintenance.

Art. 26 To see how much money the town will vote to raise for roads and bridges.

Art. 27 To see how much money the town will vote to raise for winter roads, or act on anything relating thereto.

Art. 28 To see how much money the town will vote to raise for the repair of third class roads.

Art. 29 To see if the town will raise and appropriate \$50.00 for public health nursing in Palmyra, said sum to be expended by the State Bureau of Health for local service.

Art. 30 To see how much money the town will vote to raise to pay interest and outstanding orders, and bonds.

Art. 31 To see if the town will vote to appropriate the sum of \$200.00 to cooperate with the Maine Forest Service and the Federal Government in the control of the White Pine Blister Rust in accordance with Revised Statutes, Chapter 11, Secs. 62, 63, 64.

Art. 32 To see what action the town wishes to take relative to Post-War Planning, or act on anything relating thereto. Recommendation: that Post-War Planning Committee be appointed, and that \$2500.00 of present treasury balance be ear-marked for post-war planning and left in town treasury.

Art. 33 To see if the town will vote to expend the sum of \$150.00 of the summer road money to repair the Parkman road.

Art. 34 To see what action the town wishes to take relative to opening the Egypt school or act on anything relating thereto.

Art. 35 To see if the town will authorize the selectmen to make temporary loans for the town to be paid during the current year out of money raised during the current year by taxes and the Selectmen to issue notes for same in the name of the town for loans made.

Art. 36 To see if the town will vote to charge interest on all unpaid taxes after February 1st, 1946.

Art. 37 To see if the town will vote to instruct the Selectmen to dispose of any real estate acquired through tax liens either at public or private sales, and to issue deeds in the name of and for the town for same.

Art. 38 To see if the town will vote to raise and appropriate the sum of \$25.00 for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5,

Section 82, of the revised Statutes, said money to be expended through the State of Maine Publicity Bureau.

Art. 39 To see if the town will accept the sum of \$100.00 in trust, income of same to be used for the perpetual care of the Fronia Wasson lot in the West Palmyra cemetery. Also to see if the town will accept a sum of money for the perpetual care of the Chas. Brewer lot in the Village Cemetery.

Art. 40 To see if the town will vote to discontinue the road from the Graham corner, so called, to the Carr School corner, so called.

Art. 41 To see what action the town will take, if any, toward keeping the grounds around the soldier's monument and site of honor roll mowed and in good condition and restrain anyone from parking farm machinery there.

Art. 42 To act on anything not pertaining to the raising of money that may lawfully come before any town meeting.

The Selectmen give notice that they will be at the Town Hall at nine o'clock in the forenoon for the purpose of revising and correcting the list of voters.

Hereof fail not to make due return of said warrant with your doings on or before the day of said meeting.

Given under our hands this 21st day of February, A. D. 1945.

Report of Superintendent of Schools

Palmyra, Maine
February 10, 1945

To The Superintending School Committee and Citizens of the
Town of Palmyra:

I herewith submit my sixth annual report on your schools. During the past year school has been maintained in four of the school buildings. The Egypt school was closed last June and the pupils have been conveyed to the village building. The total enrolment for all schools has been 141 pupils. This enrolment has been fairly well distributed in all rooms. The minimum number of pupils being in the Adams school (23) and the maximum number being in the Village primary room.

I wish to omit many of the statistics regarding the schools this year and devote my report to general conditions. I have been told of the crowded conditions at the village building. I wish to say that these rooms have not been as crowded in the past as have the Ell Hill school and the Adams school. Under

existing conditions some rooms are bound to be over crowded, as well as an unfair teacher load. The only remedy for such conditions will be a central school building.

When the Committee decided to close the Egypt school for this year, there were ten or twelve possible pupils for this school. It seemed wise to close the school and convey the pupils to the village. At the present time there would be approximately fifteen or sixteen pupils to attend the Egypt school another year. I believe that the town should leave the matter of opening or closing the Egypt school next September up to the School Committee.

SECONDARY TUITION

We have thirty secondary pupils in four schools as follows:

Hartland Academy 20 pupils, tuition \$ 90 00

Newport High School, 8 pupils, tuition 114 00

M. C. I. 6 pupils, tuition 144 00

Corinna Union Academy, 1 pupil, tuition 84 00

Please note that the number of secondary pupils is increasing as well as the rate of tuition. We shall need an increase in appropriation in this account this year.

SCHOOL BUS

As was written in my report last year, the Hartland Academy bus was discontinued at the close of school in May. The conveyance problem was acute, it being impossible to hire an individual that would be properly equipped to do the job. At a school board meeting shortly after the town meeting it was decided to purchase a good bus for the town if possible. The order for a bus was placed in April of 1944 with the hopes that it would be available by the opening of school in September. The bus arrived the last of December which was in time to begin the winter term January 1, 1945.

The original plan for a route for the bus was to house it in the Marsh district and have it start its morning run there, come to the village then continue into the Gale district and back to the village. When the bus arrived the original driver had gone to work elsewhere and was not available, so a last minute change had to be made in plans for the bus route. The first driver that we found available was the present one, who lives in the Gale district. So the starting point of the bus is reverse from what was originally planned. Fortunately, the present driver is giving very satisfactory results. He is very careful and takes a great deal of pride in his job. He impresses me as though he would take as good care of the bus as if it

were his own. That one fact is worth a lot of consideration. Unfortunately the boy is a student in Secondary School so he must return to school after his morning route. So instead of stopping at the village the bus returns to Hartland via Ell Hill. On this route it carries secondary as well as elementary pupils.

There seems to be a great deal of verbal comments about the bus carrying secondary pupils without charge.

If my memory serves me correctly, it was unanimously agreed by the school committee at a meeting in the summer that if and when the bus came and was put into service, it would be primarily for elementary school purposes but whenever on its regular run it could carry Secondary students without interfering with Elementary conveyance it should do so. The matter of charging was discussed. It was understood of course that one bus could not cover the whole town therefore all pupils and students could not ride on it. However, in view of the fact that it was town property and each individual had a share in it the same as they do the textbook we have, it was agreed that on its regular route no charge would be made to start with. Had the bus covered the route as originally planned very few secondary pupils would have benefited from it but circumstances alter situations. In this case about fifteen students are being conveyed to Hartland Academy. Naturally the bus will be kept on two routes that have the most pupils. Whether we open the Egypt school another fall or not it would seem that the bus would operate in the Gale and Madawaska districts. These districts have the most bus pupils, thus requiring the larger conveyance.

As the bus is operating now without charge, it is considered a charitable proposition and the town is not required by law to carry liability insurance. It cost the town nothing to license it and all federal taxes on gas and tires are exempt. When the town charges on the bus, then it becomes a financial proposition. The law then requires that the town carry liability insurance.

Policies concerning the operating of the bus are entirely in the hands of the Committee. I believe that the Committee wants to do what the majority of the town's people want done.

The cost of the bus to the town is \$3,132.65 minus the federal tax \$68.25, \$2,700.00 of this amount has been paid from this years funds. The balance is to be paid out of next years common school money.

Eventually the State reimburses the town one half the original cost of the bus. This comes back in the equalization

money as 10% depreciation of the school bus, over a period of five years.

The following budget is deemed necessary for the school year 1945-1946:

Common Schools	\$8,000 00
High School Tuition	3,000 00
Repairs	150 00
School Physician	75 00
Superintendent of Schools	450 00

As a final suggestion I wish to say something about Post War planning. Every town should begin now to prepare for a better education in the future. I believe that soon there will be money made available by the Federal and State governments to towns that have planned to build school buildings for the purpose of providing better school facilities for the youth of this country.

The town of Palmyra needs a new modern central school building. This building should be adequate to house the elementary pupils of this community. It should provide heating, lighting, toilet facilities, lunch room and water facilities as well as a playground and other recreational facilities. In the future education will stress the importance of a sound body as well as a sound mind. Parents in the future are going to demand these advantages for their children. In order for a town to attract and hold its inhabitants they must offer the best in educational facilities.

I would suggest that the town of Palmyra give this matter serious consideration and begin now to set aside a building fund, so that if in the near future our State and National government have money available for building school houses, Palmyra can take advantage of it and get their fair share.

May I express my sincere thanks for the courtesy and consideration extended me during the past year.

Respectfully submitted,

HAROLD E. CARSON

Supt. of Schools

REPORT OF SCHOOL PHYSICIAN

The general health of school children in the town of Palymra was markedly improved in contrast to previous years. The majority of the correctable disabilities were remedied and the physical condition altered.

Body hygiene was notably better due to efforts of teachers, parents and children to correct faulty cleanliness.

The State Department of Health is to be commended for their part in the school program and for the specific work of county nurses in maintaining health tests and programs.

Loss of time due to illness has been decreased and in every way, the teachers and pupils have profited by this.

Let us continue the good work of "prevention" in the years to come, that it will not be necessary to have our children "cured" of the various desases that could have been easily prevented by our for-sight.

BUREAU OF HEALTH NURSING SERVICE

Each child is entitled to a right start in life, whether his parents can afford it or not, and he should have doctor's care during his crucial preschool years.

Weak bones, poor teeth and eyes may be formed before a child is born. In an effort to prevent these conditions the Public Health Nurse endeavors to see the expectant mother as early in pregnancy as possible, especially those expecting their first babies to insure that they have regular medical care and adequate health supervision.

In addition to home visits the Bureau of Health offers Child Health Conferences where infants and preschool children are examined by a physician. At these conferences, if several are held during the season, immunizations against whooping cough, small pox and diphtheria are offered for a small charge. Services of a dentist, dental hygienist and a nutritionist are sometimes available also. One of these conferences was held in your town last summer and eighteen children attended. Eleven were vaccinated against smallpox and eight had the diphtheria immunization. This conference was sponsored by the Grange Home and Community Welfare in cooperation with the Bureau of Health.

In the schools, examinations by the physician, vision and hearing tests are not enough. Defects when found, must be followed up and corrected. Conferences with teachers and superintendent aid in promoting the growth and development of the school child and in planning for health protection services. Projects carried out in schools this year included audiometer hearing tests and a tuberculin skin testing program to which all interested persons were invited. Motion pictures on tuberculosis and dental care were shown in the schools previous to the skin tests. A project which would greatly increase the health protection of both schools and family would be the development of a program for the control of the common cold.

The services of the Crippled Children's and Pediatric Clinics of the Bureau of Health have been made available to children in this community.

The facilities of the State Sanatorium for Tuberculosis have been used by those who were referred there for diagnosis, care or x-ray. Since tuberculosis is one of Maine's most serious health problems, the program of tuberculosis control is being given emphasis at this time.

The work of the nurse would be strengthened and a great deal of time saved for the town by the organization of a permanent Health Committee. With such a committee your Public Health Nurse could, another year, plan better health protection for your community.

Selectmen of Palmyra

Auditor's Report

State of Maine
State Department of Audit
Augusta

May 9, 1944

TO THE INHABITANTS OF THE TOWN OF PALMYRA:

In accordance with the request of your municipal officers, this department, represented by M. G. Allen and L. D. Daniels, has completed an examination of the accounts of your town officials for the municipal year ended February 23, 1944.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of that date, and summarize its fiscal transactions during the municipal year then ended.

The data obtained by us is summarized in the following:

STATE DEPARTMENT OF AUDIT

Harold E. Crawford

Municipal Auditor

COMMENTS

CASH

All receipts as recorded were examined and the cash for same was found to have been deposited in the bank currently, as summarized on Exhibit B.

Expenditures were made by check from properly authorized warrant, supported by invoices and payrolls on file, as summarized on Exhibits B and D.

The cash balance was reconciled with the bank as per detail shown on Schedule 1.

TAXES—PROPERTY AND POLL

The 1943 tax commitment was found to be in agreement with the Assessors' records. The balance due from the Collector on this commitment is represented by unpaid taxes taken from the records as summarized on Schedule 2, with supporting detail being shown on Schedule 2-a. The unpaid prior years' taxes are also shown on Schedules 2 and 2-a.

Payments recorded as received during the year on tax liens and deeds were found to have been applied against the proper items and those still remaining unpaid are summarized and detailed on Schedules 3 and 4.

The cash collection for the current year's taxes was 91%; while all taxes collected during 1943, both current and prior, amounted to 101%, both as against the current commitment.

EXCISE TAX

The excise tax collections were verified with the copies of the receipts as follows:

1943	Receipts No. 99 to 250 and	
	No. 276 to 290	\$416 22
1944	Receipts No. 1 to 135	374 92
		<hr/>
	Paid to Treasurer (Exhibit B) and	
	Transferred to Net Deficit (Ex. E)	\$791 14

ACCOUNTS RECEIVABLE

We have contacted the State Health-Welfare Department in regard to the charges against that department as carried on your town books. The only unpaid bills that they have amount

to \$168 for rent covering the years 1940 and 1941, which bills are to be investigated before payment. It would appear that your town officials have failed to submit bills for these items to the state. We have set up a reserve in the amount of \$1,640.43 which would apparently more properly evaluate this asset item.

TRUST FUND

The trust fund investments were examined and are shown in detail on Schedule 6. All income withdrawn appeared to have been properly expended. During the year all funds were withdrawn and \$3,500 was invested in U. S. Government Bonds and the balance deposited in the Skowhegan Savings Bank as is shown on Schedule 6. Interest on the school fund @ 6% was paid to the school department from general interest.

NET DEFICIT

Reference to Exhibit A indicates that as of the close of the municipal year there was a net deficit in the amount of \$1,947.89 as compared to a net deficit of \$240.71 shown a year previous. This represents a beneficial change of \$1,707.18, which is analyzed on Exhibit E of this report.

GENERAL

Our test check of paid invoices and payrolls indicated they were proper charges and correctly recorded.

Victory and Withholding Tax deductions were examined and appeared to be properly recorded.

The records of dog licenses issued by your Town Clerk showed collections in the sum of \$155.20 which amount has been paid to the State Treasurer.

With the exception of cash and trust funds, no external verification was made of your asset and liability accounts.

Dec.	16 Hazel Louise Merrifield	48	Acute Myocarditis	C. I. Higgins, M. D.

Honor Roll

These pages are dedicated to the boys and girls of Palmyra who are serving so valiantly in our armed forces.

Some of them have made the supreme sacrifice that Peace and Liberty may come again to a suffering world.

To them we give our humble thanks and resolve to do the task at hand, work hard, buy bonds, give blood, support the Red Cross and other worthy causes, do all we can, that those who have given all will not have died in vain, and help bring the others home again as soon as possible.

NOTE: If any names that should be included have been omitted by mistake kindly bring the names to Frances Goodrich or the town clerk, as a Town Honor Roll is being made and it is necessary to have all names in as soon as possible.

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
